

Privacy Policy

Effective Date: June 28, 2026

Information We Collect

MedoChat may collect account information, profile details, messages, uploaded files, device information, login timestamps, and IP addresses for security and service functionality.

How We Use Information

Information is used to provide messaging, authenticate users, improve the platform, prevent abuse, and develop new features. We do not sell personal information.

Data Security

Reasonable technical and organizational safeguards are used to protect user information. No online service can guarantee absolute security.
